RHEUMATISM?

If you are a sufferer, Heed This Advice

Newbern, Va.—"I had been troubled with rheumatism for more than ten years and had tried lots of different remedies, but none of them did me any good. Then I sent and got a sample package of Dr. Pierce's Anuric Tablets, that gave me so much relief that I sent and got a large size bottle, and before I had taken two bottles I had no sign of rheumatism. I would advise any sufferer of rheumatism to give Dr. Pierce's Anuric Tablets a fair trial."—Raymond Osmyn Curtis.

Says Pile Remedy Worth \$100.00 a Box

"I have had itching piles ever since my earliest recollection. I have tried many remedies and doctors, but no cure. About 8 weeks ago I saw your ad for Peterson's Ointment. The first application stopped all itching, and in three days all soreness. I have only used one box and consider I am cured. You have my grateful, heartfelt thanks, and may every one that has this trouble see this and give your ointment, that is worth a hundred dollars or more a box, a trial. Sincerely yours, A. Newth, Columbus, Ohio."

ROCKVILLE TO USE AUTOFINES AS POLICE FUND

To Ignore Attorney General's
Opinion Until Court Passes
on Law.

ROCKVILLE, Md., May 4.—Notwithstanding the recent opinion of Attorney General Alexander Armstrong that automobile fines collected in this county must go into the State treasury and that certain sections of two laws enacted by the recent legislature, which provide for their use by Montgomery county, are unconstitutional, the county authorities will, according to a statement issued by Dr. Benjamin C. Perry, president of the board of county commissioners, collect fines against violators of automobile laws and use them for maintaining the county police force until the Maryland court of appeals passes on the statute.

Dr. Perry states that the commissioners have received legal advice to the effect that the statute is constitutional, and that, therefore, the law, which becomes effective June 1, will be put into effect on that date. The attorney general also held that the titles to two bills creating the police force and providing for its maintenance are unconstitutional.

The Social Service League of Montgomery county will, it is believed, develop much-needed new life as a result of a conference held at the Montgomery Country Club here and participated in by representative citizens from various parts of the county.

The conference was held in connection with a dinner given by the executive committee of the league, assisted by other committees, to a leading citizen from each district of the other prominent persons vitally interested in the county's welfare, and was for the purpose of exchanging views and planning ways and means for the coming year. The conference was conducted by Dr. Joseph W. Bird, of Sandy Spring, president of the league, who also presided at the dinner.

Among those who spoke were Judge Edward C. Peter, Dr. Bird, Prof. Edwin W. Broome, Dr. James E. Deets, Mortimer O. Stabler, Dr. Katherine Wright, Dr. William T. Pratt, Dr. Ernest M. Ballard and others, all of whom pledged themselves to manifest increased interest in the work of the organization and to urge the people in their respective localities to give the organization liberal financial support.

At a meeting of the mayor and council of Rockville last evening, F. Bache Albert was re-elected town clerk and treasurer, and William F. Disney and Richard Disney were chosen to succeed themselves as city engineer and assistant engineer, respectively. It was the first meeting of the board since the re-election of all the members at last Monday's election.

The county commissioners have appointed Edward V. Caywood and Leroy Rodgers constables for Bethesda district and Clarence E. Anders to succeed the late capacity for Rockville district.

The contract for improving the Friendship Heights road from the Rockville-Georgetown pike to the River road, a distance of about three-quarters of a mile, has been awarded by the county commissioners to P. G. Ligor, of this county, who expects to start work at once.

CHARTER CASE DECISION TO BE GIVEN JUNE 15

Clerk of Virginia Appellate
Court Forecasts Opinion in
Clarendon Case.

CLARENDON, Va., May 4.—In response to a request for information from The Washington Times, as to when a decision might be expected in the Clarendon Incorporation case, Clerk Jones, of the Virginia appellate court, has set June 15 as an approximate date for an opinion.

The following telegram was received in regard to the case this morning: "Court meets at Wytheville June 1. Opinion probably will be rendered about June 15, but may be given earlier."

Work was begun yesterday on the temporary waiting room of the Washington and Virginia Railway Company here. The structure will be occupied by Al Reinberg, who conducts the present waiting room. As soon as the old station is moved a modern brick or the building will be erected next to the bank which will be built by the Clarendon Trust Company.

A committee from the Clarendon Citizens' Association will shortly confer with members of the Washington Chamber of Commerce relative to approaches on the Virginia end of the new Key bridge in Georgetown. It is hoped that the sharp curves which now must be passed on Wilson boulevard, leading to Clarendon, will be eliminated by the new span, and the local committee will work to that end.

A. Parke Payne will leave for Charlottesville today to represent a committee of a Western concern, to discuss the details of a commercial venture which will bring a great increase in invested capital to Clarendon if the deal is consummated. Although Payne has not made his plans public he has stated that he will shortly begin the erection of a new building next to the Nash Motors Company on Wilson boulevard.

Special revival services are being held this week at the Baptist Church.

PATROLMAN IS VICTOR IN FIGHT WITH ROWDIES

Assaulted by Thug, Plucky Of-
ficer Manages to Land
Four in Jail.

Although the odds were five to one against him, Policeman F. R. Reh, of the Fourth precinct, succeeded in escorting four of his opponents to the station house last night, despite the fact that he had been struck over the head with his own night stick.

Seeing a machine at Four-and-a-half street and Maryland avenue, southwest traveling without lights the policeman ran into the street and leaped on the running board. When he reminded them the lights were out the five negro occupants became obstreperous and one suggested that the policeman be pushed off the running board. Thereupon a concerted attack was made on the bluecoat and he fell to the street. A negro, who is being sought, leaped from the car and tackled Reh. The policeman's stick was taken from him and he was struck several times on the head. He succeeded in gaining his feet and, drawing his revolver, fired several shots at the fleeing assailant.

The four who remained in the machine were locked up at the Fourth precinct station house. They gave their names as Richard Burdell, 2222 G street northwest, James Washington, 1023 Twenty-first street northwest, John Young, 2724 Oliver avenue northwest, and Samuel Frazier, 2307 Virginia avenue northwest.

Young is charged with assault. Frazier with operating an automobile bearing a "dead" number, speeding and having no lights on his car, and the other two are being held for investigation.
